This year, CT Asia is all set to bring you the **CPNE SERIES 1: WORLD POWER PLANT INNOVATION CONFERENCE 2023**, the largest and most exclusive networking event for power producers, utilities, EPCs, consultants, OEMs, electricity generators, energy solution providers and large-scale energy consumers.

Scheduled for 30th and 31st MAY 2023 at the Royale Chulan Kuala Lumpur, Malaysia, this innovative platform brings together energy experts from around the world to explore emerging approaches in this field.

Organized under the theme **(Resetting the Foundation of Power Plant System Today for A Better Tomorrow)**, the **WPPIC 2023** seeks to provide deep insight into how Power companies can transition operations and maintenance from traditional to digitally enabled processes. Our experts will dive deep into how Tech-enabled transformation combines new technologies with traditional improvement to provide large value across four key areas: Operations; Maintenance; Energy Efficiency; and Health, Safety, Security, and Environment (HSSE). Moreover, they will discuss the latest developments in the energy sector, share best practices, and cutting-edge energy technologies to reduce the environmental impact of energy production.

For two days, attendees will learn how to focus on balancing energy security in Power Plant Industry and ways on achieving the Net Zero Ambitions, Decarbonization of Existing Energy Systems & Investing in New Renewable Energy Sources; keep up to date on the latest Standards Driving Global Value Chains in Power Plant Industry; innovate the Generation, Future Alternatives and Future Grid of Power Plant Operation System and discover the most sustainable method on Renewable Energy & Energy Efficiency Developments and Opportunities etc.

The WPPIC 2023 attracts over 1000 Energy professionals across ASEAN region and creates a progressive environment for our core audience looking to evolve while attracting new energy professionals embracing the clean movement towards SGD road to 2050.

Join us to discover the most successful digital transformation strategies to create value. We also provide you with an exclusive platform to exhibit your products and services and get solid industry exposure.
