

IN-VR Oil & Gas Announces
The Energy Online Series: Mexico, May 28th 2020

FOR IMMEDIATE RELEASE

Mexico's first charity Oil & Gas event goes online

IN-VR is organising the [Mexico Oil & Gas Energy Online Summit](#) , taking place completely online. All the profits from the tickets will be donated to **NGOs and charities that support the doctors combating the Coronavirus, and the groups most affected in Mexico.**

The online summit will take place on May 28th 2020, focusing on Mexico's plans in the current oil price landscape, how COVID-19 affects its market, new business opportunities in **the Cantarell, Chontepéc fields and new midstream projects.**

The summit will gather government officials, key IOCs, investors and service providers that will discuss these topics and network with attendees online in sessions and private B2B meeting rooms.

What are the key thematics of the online summit?

- Unconventional and offshore E&P opportunities
- Licensing Round updates
- Fiscal and Regulatory Regime
- Gas infrastructure projects and new opportunities
- Hydrocarbon investment in Mexico
- Mexico's hydrocarbon potential on the global map
- COVID-19 and how it will affect global exploration and investment projects

Who will be presenting?

- Marco Cota, Chief Executive Officer, **Talanza Energy**
- Jorge Enrique Paredes Enciso, Exploitation Plans Manager, **PEMEX**
- Yann Kirsch, Chief Operating Officer & BD, **Perseus Energy**
- Jose Pablo Rinkenbach, General Director, **Ainda Energia y Infraestructura**
- Alessandro Nanotti, Senior Executive, Oil & Gas Expert, Global Affairs Expert
- Daniela Flores Ramirez, Head of Midstream & Downstream, **Talanza Energy**

Let's get masks, gloves and food to the right people while we network with Mexico's oil & gas industry!
